

RSYS Waterfront

Pond Usage Policy 2021 - Quick Summary

How to Identify Staff:

RSYS Tender staff will be clearly visible in red staff shirts. The designated Dock Master will be identified by Dock Master Badge.

Pond Usage

Outer Arm

- Bookings are required at all times, with conditions to allow rafting up.
- During race days, bookings required and communication with Dock Master prior to approach.
- Tender operates weekdays from southern end corner including Wednesdays.
- No booking required for outside berthing.
- On race days, the section of the outer pontoon marked in the diagram below must be kept clear for use by hardstand yachts.

Inner Arm

- No bookings available.
- Tender location for all twilights and weekends.
- Northern end reserved for twilights and weekend quick "pick up - drop off" by Members
No docking permitted.

Overnight Berthing

- Overnight berthing is permitted subject to availability.
- Bookings required and vessels must vacate the pond by 8:00am. Vessels remaining after 8:00am will be towed to moorings and charged accordingly.
- Overnight berthing is only permitted with prior approval of Ned Brown (Waterfront Manager), William Pettigrew (CEO) or Dock Master.

Unattended Vessels

- Vessels may be left unattended, however permission must be approved by the Dock Master prior to leaving vessel.
- Unattended vessels left without permission will be towed to moorings and charged accordingly.

Contractors working on Members Vessels

- Members wishing to organise a contractor to work on their vessel in the pond must contact the RSYS Waterfront department for access permissions.

Tenders

Members are requested to minimise their use of the RSYS Tenders, when possible, by waiting until all their party has arrived at the Club and ready to go to the boat together.
